About Impetus

Impetus transforms the education and employment outcomes of young people from disadvantaged backgrounds.

We do this by using our deep expertise and high calibre networks to give the best nonprofits in these sectors the essential ingredients to have a real and lasting impact.

Through a powerful combination of long-term funding, direct capacity building support from our experienced team and our pro bono partners, alongside research and policy influencing to drive lasting systems change, we work towards a society where all young people can thrive in school, pass their exams and unlock the doors to sustained employment, for a fulfilling life.

You would be joining a team that is passionate, rigorous, determined, creative and warm. We care deeply for our colleagues, our charity partners and the young people we serve.

Impetus is a registered charity, and our charity number is 1152262.

Our Values

In 2022 the Impetus staff agreed the following set of Values to act as our guiding principles as an organisation and help us to remain focused on achieving our mission to support young people from disadvantaged backgrounds.

We are brave and curious

We are bold and brave in our pursuit of better outcomes for young people. We lead with curiosity and stay open to new perspectives. We support one another to take considered risks and learn together.

We bring high trust, high challenge

We build strong, long-term relationships through honesty, kindness, integrity, and respect. We create the space for open, constructive challenge, where colleagues, partners and supporters feel safe to speak up, hold each other to account, and bring their best in pursuit of our mission.

We are evidence led and results driven for young people

We pursue excellence for the young people we work with, are wholly committed to better outcomes, unapologetically results driven, and accountable for our actions.

We thrive through diversity

We seek to embed diversity of thought, background and experience in every aspect of our work. We are open, thoughtful and proactive in better understanding and challenging our assumptions to better deliver the change we seek.

We always seek collaboration

We will not succeed alone. We seek meaningful, productive partnerships with others to achieve our mission and drive systems change for young people.

About the team

The Investment team is responsible for selecting portfolio partners, managing our charity investments and supporting our portfolio partners to improve and scale their impact.

The Investment team also leads the Impetus Leadership Academy, a leadership development programme to support talent from ethnic minority backgrounds in the UK youth sector to progress into senior leadership roles.

The team is made up of 18 people, including former teachers, charity CEOs, charity impact leads, management consultants, social investment portfolio managers and impact consultants.

The team is led by a Portfolio Director who sits on the Senior Management Team. The Portfolio Director has 5 direct reports: a Deputy Portfolio Director, three Sector Leads (who lead our work in school engagement, school attainment and employment sectors) and an Impact Lead. Sector Leads line manage 6 Investment Directors. Investment Directors line manage Investment Managers (currently 5). Investment Directors and Investment Managers tend to primarily focus on a sector but might have mixed portfolios, depending on need, experience and interest.

The Investment team has a good track record of role progression. All four Leads and a number of our Investment Directors were promoted from within the team.

The team is passionate, rigorous, determined, creative and warm. We come from a range of backgrounds and bring a broad mix of perspectives. We care deeply for our colleagues, our portfolio partners and the young people we serve.

About this role

We believe that all young people deserve to succeed in school and in work, whatever their background. As we enter a challenging time with rising inflation and a likely recession, our work feels more vital than ever before. We are pleased to be able to expand our team to support our growing portfolio of charity and non-profit partners, in order to reach and impact more lives. The role of Investment Director presents an exciting opportunity to contribute meaningfully to the charities we serve, the team itself and the whole of Impetus.

We support a portfolio of 25 high potential charity and non-profit partners in the youth sector, helping them deliver benchmark-beating employment and education outcomes for young people, and to grow.

We believe the strength of our approach resides in three things:

- Building deep, trust based sustainable relationships with charity leaders by investing time, kindness, integrity and honesty.
- Providing our charities multi-year, unrestricted funding to help them become sector-leading organisations and scale their impact.
- Offering tailored advice to charity leaders' most pressing and strategic questions, including their mission, programme design, performance management, growth planning, and financial resilience.

Working with our portfolio partners is a privilege. The leaders we support are incredibly talented, passionate and keen for external advice, and the issues we work through with them are stimulating and stretching. Our senior management relationships are some of the most fulfilling relationships many of us have had in our careers, while the growth and impact performance of our partners are testament to charities' commitment to disadvantaged young people and the influence we have on their development.

Charities and funders often comment on the quality of our people. Our team is analytical and data driven; we are deeply relational, low-ego and collaborative. We actively invest in our colleagues holding regular training and community of practice sessions, and use skills-based assessments to tailor development.

As an organisation we seek to embed diversity of thought, background and experience in every aspect of our work and actively challenge our assumptions to better deliver change. Over the past two years we have taken action to help reduce racial inequality in the youth sector. In 2021 we launched our Connect Fund to support diverse leaders and their robust solutions to the entrenched employment gap faced by young people from ethnic minority backgrounds compared with their white peers. We have also built a highly regarded Leadership Academy for emerging youth sector leaders from ethnic minority backgrounds, with generous support from Bank of America and State Street Foundation.

If you are looking for a role combining strategic thinking, analytical insight and influencing emerging leaders, as well as the opportunity to work with a supportive team to transform young lives, I hope you will apply to work with us.

I look forward to hearing from you.
